# **Tare Time**

## **By**

### **Dr. Wesley A. Swift**

**26th September 1965**

Of course this subject of 'tare time' had a deep significance for you today, because of the conditions in your environment and because of the plan of God, for what we classify tonight as Tares. I point out to you that of all of the subjects, that Jesus spoke about when he explained to his disciples, and when he gave them to know and to understand the mysteries of the kingdom. When he had the chance to explain the deeper significance of the subjects, one of the disciples said: 'Master tell us about the Tares. So you see that the desire of the disciples to know about the Tares was quite obviously marked, of all of the discussions that Christ had had, and which they wished to know.

Let us for a moment turn to the 13th chapter of the book of Matthew. For when one recognizes today the problems that face Christian Civilization, that the nasties of the forces of evil are seeking to destroy us. And the ramifications of their world conspiracy and their design, and the awareness that is now coming over the Children of God, by the process of his spirit. Their intensity and the awakened intensity of everyone on God's side. Everyone on the right feels their intensity to participate. Some might think that when you hear the story of your time that this is something put together by a conservative journal. You might think that it was written by the staff of "The Cross and the flag." Or that this was just some hopeful theology put together by someone who is just against something. But what makes this so vital it is that this is something that Jesus told, and this is his plan, and it is going to come to pass, and I cannot think of anything better that could happen.

Now; I turn to the 13th chapter of Matthew and I read these words: in verse 11, for Jesus turned to his disciples and said: "It is given unto you to know the mysteries of the kingdom of Heaven, but to them it is not given."

Now; don't come along and say, but this should be taught everywhere, by every Clergyman. Why do people not know about the tares? Well, unto you it was given to know it but unto a lot of people it was not given. There are a lot of people today you have taken a sort of irresponsible attitude about what is happening in their environment. In this instance they are trying to get by as easy as they can and they are hoping that everything will continue as it was in the days of their fathers. But it is not this way, and thus it is important for you and I to know that there is a vast number of people who have not bowed the knee to Baal. When we talk about bowing the knee to Baal, we are talking about rendering service, and entering in, and working for so as to achieve all of the benefits of all of the services which the patterns of darkness are trying to use today to destroy the kingdom. The whole process from Satanic worship to Satanic politics, for a world Babylonian conspiracy, this is Baalism at its height. Now; the scripture tells us that there are great numbers of people who have not bowed the knee to Baal. But there also is a great number of people who thought something would give them an easy living. Or give them something for nothing. This is a great danger for this day. The powers of darkness and the forces of evil are trying to capture men by telling them that they are going to give them something, for little effort, They are going to bestow something upon them for nothing. And when Government participates in this, you know it is not true. For the government cannot give anything to anyone before they first take it from you and then try to give back to you a part of it. But in this instance we come to the secret that a lot of people do not realize. That it is not normal for your civilization and culture to deteriorate It is not normal for something created upon the rock of Faith, and created by vision and initiative to come from afar to build it, and then for it to deteriorate. It is thus not normal for this life of Faith in America to deteriorate, it has to be done by some unseen operation, planned and brought into function by a by a specific force. So what is that force, for all over the world you hear people talking about the deterioration of Western Civilization. They talk about the great conspiracy and the design to destroy the kingdom of God. But they do not seem to understand just how it has happened. Endless sermons have been preached against bad conduct. Or sermons are expounded on little areas which are mistakes of individuals, to destroy a

nation. But I tell you that nations are destroyed by massive conspiracies. And they are maintained only by the intervention of God.

Listen. Jesus tells the story of the Tares. The kingdom of God or the kingdom of heaven, they are simultaneous because they both exist in earth. Is likened unto a good man who sows good seed in his field? And while men slumbered, an enemy sowed Tares among the wheat, and went his way. And when the blade had sprung forth and bore fruit there were tares also. And the servant of the household came and said: Sir, did you not just put good seed in the field? From whence then hath come the 'tares'? And He said: An enemy hath done this. And the servant said will thou then that we go gather them up? No, lest when thou gather up the 'tares' you would ruin or injure the wheat with them. Let both grow unto the harvest. And at the time of the harvest I will send in the reapers, and I will say to them, gather first the 'tares,' and bind them in bundles for destruction for we will gather the wheat into my barn. Then Jesus sent the multitude away.

And then he went into the house, and his disciples came unto him saying: Master declare unto us the parable of the Tares in the field.

Now; he told them many parables but this one took pre-eminence. The beauty of this parable of the tares, is that Jesus took such an explanation of it. And it becomes quite obvious to anyone who listens or reads concerning its meaning. So Jesus said unto them, He that sowed the good seed is the Messiah, the son of man, this embodiment of God. And the field is the world. And the good seed are the children of the kingdom. This is a clear statement, 'The good seed are the children of the Kingdom.'

You ask me tonight who are these children of the kingdom, and I will reply that they are the people of the Adamic race. They are the pure seed of the house of Adam, thru Seth. They are the descendants of Seth down to the days of Noah. They are the descendants of the Household of Noah, And specifically they are the household that descends thru Shem. They are the children of Abraham and Isaac, and Jacob. They are the people today who make up the Anglo-Saxon, Scandinavian, Nordic, Basque,

Lombard, Germanic civilizations. They are the white race, the Manu, the children of the kingdom. They were the children of God in the Celestial realm and they are the Children of God in the earth. Thine they were in the spirit in the heavens, and mine they are in earth as I am embodied a Messiah in the earth. None of them are lost, these are the children of the kingdom.

They are the children of the kingdom because of the purpose of God. And because it is the purpose of God to bring his kingdom into earth. To retake the earth, and to over throw the powers of darkness. HE is not to stop at nothing. The testimony of this book is that Lucifer, an Archangel of God would not bear testimony thru out the universe, and the portions of the milky way which he dwelt in that God had a family and that they were greater than he was. That they were spirit of his spirit, like unto God. He was not going to acknowledge any thing that would be as great as the children of God in the plan and purpose of God. So this Archangel rebelled thinking to take over the Universe. Thinking to destroy all that God had put together. He thought to mutate, mongrelise, integrate, and crush, and to bring about the destruction of these kingdom people. He sought to bring about violations of law and mutations, by taking everything celestial and then mongrelising it in physical plains. And seek by lust, and greed to gather men to his own worship, as he rewarded them for all of their passions, their lust and their evil, in the areas of gradual deterioration.

So having thru out the universe failing to obey then God assigns Michael the Archangel and his armies the job of defeating Lucifer who is now gathering hoards thru out all space. In fact in some of the planets of space he has gathered together those who would become the welders of weapons. And the armours for his vast battle. In fact from some planet he would gather the Negro, and that is where the Negro came from. He was recruited by Lucifer, in his rebellion against God, and promised that he would be given great rewards In the battles between the fleets of Lucifer and Michael, then we find that Michael defeated Lucifer and swept his hosts and fleets out of the sky, sent them hurtling in defeat toward this solar system. And then into earth where his defeat is consummated. For here in earth Lucifer became bound in this solar system. And his crippled

fleets like flying rolls came in. And he brought to the world where God had already created the Tungus race, and the people who now dwelt up on earth, this satanic seed. So the fact remains that these rebellious forces came in and Lucifer and some of his Angels which he elevated to high status, who rebelled with him, did not keep their first estate. They did not stay in Celestial bodies or in physical embodiment then stay apart from the world round about. But they took the same body wave lengths of all of the bodies of creation. They sought to immediately integrate and mongrelise all society. Thus, Lucifer and his angels intermingled with the people of earth. They intermingled with the ancient Tungus race, and even intermingled with the black forces. And they sowed this black seed in with the people of earth to start a great mongrelisation, and eventually catastrophe. And evil became so great that God finally wiped out some parts of the earth. And this led to sunken continents in the Atlantic and Pacific oceans. And great catastrophe came upon the pre-Adamic world. But into this world God had planted for his own purpose, into this restored portion of earth, then God says: 'let us make Adam in our own image. He as addressing Elohim, children of the spirit, and the physical body of Adam was placed in earth.

Adam was shown the world round about, and there was none from which he could take a help mate. He could not take her from the fallen races or from the Asiatic, or Negroes, and none of the beast round about, four legged or two. There was none on the face of the earth which were prepared or equipped as was Adam. So God separated a portion from Adam and produced Eve so that they might be one flesh. That a helpmate might be prepared for Adam and for Eve as well.

Now the scripture tells us that the serpent was more subtle. And actually it was Lucifer who carried this emblem and moved into the garden, and designed to absorb this household of God. He came in with an original design for he had sought with his original fall, and by not keeping his first estate, and intermingling with the people of the world. And he had fallen Angels with him and they produced people called Nephilin in the book of Jude it tells you that Angels did not keep their first estate. They went after the strange flesh of the people who were a part of the creation. And with this violation of law some of them were reserved in darkness until the

final judgment day. But Lucifer and his forces with their evil design started out to revamp the earth. To cause this catastrophe, and make it subservient unto him. After all this world, or planet and its solar systems were a part of his command at one time and he was the Prince of this world and called the Prince of the powers of the air. God did not take away from him what he had once had in earth, but he established His own family in earth, to build his own kingdom so as to take the earth back into the kingdom of Heaven, to overthrow the armies of Lucifer and crush his armies and bring Lucifer subservient before the feet of the Most High God.

The design then of Lucifer was only to see what he could do to destroy. And the design is here explained by Jesus. The good seed were the children of the kingdom, the sons of Adam. The people of Asia were not the children of the kingdom they were created to inhabit the earth.

The Negroes were not children of the kingdom, they came from afar distant planet with Lucifer. And they were degenerated and deteriorated, and they were even some on the verge of bestiality. So there is even various status of them, some so degenerate and low that they were not fit to dwell in the vicinity of the habitations of white men.

Now; I point out to you that here in the purposes of God that are unveiled. He said that the field was the world. Not some far distant place, but the good seed were of the children of the kingdom. But **THE TARES ARE THE CHILDREN OF THE WICKED ONES.** The word here is progeny or offspring of evil. And there are people who do not understand that this is true. This is not only true but they are offspring of Satanic powers. And Judas of Iscariot was referred to by Jesus as the son of Perdition. And from his occult mother who was a Witch and who consorted with Witch forces, and thus we have Judas of Iscariot as Lucifer's own son. This evil Jew who betrayed Jesus was the only Jew among his twelve disciples. He was a definite 'tare' but was one among the disciples of Jesus. In this instance the scripture says he was the progeny of the evil one.

You will also note as you are reading the Gospel of John the beloved disciple, that he talks about some of these things. And he also talks about

we as the children of God have a problem facing us and this is the hoards of Anti-Christ. They want to destroy the kingdom and to take over the world. We can tell the anti-Christ for they deny that Jesus is the Christ. And they seek to destroy his kingdom. But Antichrist can be known for they deny that JESUS IS THE CHRIST, and that he came in the flesh. But we need to remember that these forces of Antichrist are the children of Lucifer. And John records that Cain was the progeny of the evil one. The seduction of Eve and the fall of our race then involved Cain who was Satan's own son. And John the beloved Apostle explains this as Jesus made it known unto him. So the explanation concerning 'tares' and their conspiracy, and as to who they are, and what they are, is brought to light by Jesus Himself. He then said: 'The good seed was the children of the kingdom. The tares were of the wicked one.' And the enemy that sowed these 'tares' is the devil, and the harvest is the end of the world.

Thus since you are children of God by race and by origin, then these 'tares' are children of the devil. And the harvest is the end of this world order. And we are told that the reapers are administering spirits. You will find this in your concordance translated as Angels. Some of them are Angelic hosts, of the spirit of God, the family of God, they all participate in this. And then we are told that at the end of the age, the harvesters will come in, and the 'tares' will be bound and destroyed. So shall it be at the end of this age. The Son of man shall send his holy angels and administering spirits, and they shall gather out of his kingdom all things that offend, and those who do iniquity and they shall be destroyed. As far as the kingdom is concerned, they will have no power, and that which they had will be broken by the hand of the Most High God. And then shall the righteous shine forth in the kingdom of their father, who hath ears to hear, let him hear.

Still, some of the people still say, 'But who are the 'tares'? Jesus made this quite clear, for he said that they were the children of the wicked one. Let me point out to you that this does not leave something for you to guess. In the first place the children of the wicked one are a special posterity. And as this special posterity they play a special roll in what comes to pass. Jesus thus said to the Jews: "Ye are of your father the devil, the lusts of your father ye will do." And as he said this then remember that he also

said that the 'tares' were the progeny or the children of the wicked one. Thus in this book of John and to nobody else then Jesus said: 'the Jews are the children of the wicked one.' And the lighter skinned ones were called Canaanites. Because they descended from Cain, this Luciferian implant into the Adamic race.

Remember this was not accepted until Adam had a son by the name of Seth, and he said, 'Now I have begotten a son in my own image, and after my own likeness.' The sons of the wicked ones, the children of the Satanic line are the tares sown into the world. For they are the children or the progeny of the wicked one. They work constantly for the wicked one, and they serve their father the devil. They seek to integrate with all of the people and especially those of the Adamic race. And of course they move in with every branch of the Adamic race. And they always try to identify themselves as a part of the community. And they preach brotherhood which does not exist. They work for the destruction of God's kingdom, where at the same time they would like for people to think they are a part of it.

This is also know that when planted the tares come up just like the wheat and other small grains. Tender shoots come up and this makes it very hard to separate the tares from thee wheat. So Jesus said, let them grow side by side until the end of the age. But the Angels knew the difference and they wanted to separate them right away. The Administering spirits in the days of Enoch and Moses right on down to our time, said lets gets these 'tares' out, get them out now. But the scripture says that YAHWEH said, no, if you start tearing out those tares, you will knock down a lot of the wheat. Let them grow until harvest time then we will separate them. For it will be easy to tell them at that time. At this time they more or less look alike and you will be disturbing wheat as you pull tares. In fact we would say that wheat at times even act like tares in some areas. But the fact is they were to grow together until the time of the end. At the time of the end the tares will turn rusty red, and you can sure tell them from the golden wheat, so it will be much easier at harvest time to go thru and pluck out all of the tares. You do not want them to be involved when the wheat goes thru the threshing machine, and you do not want them in the wheat straw that you bale, so therefore you gather the tares out first.

Now; all over the churches have been told that next there will be a great translation of the church. They have been told by some theology that the whole church is going to be swept away in the sky. That is the next thing that is to happen, so a lot of people are saying, Come and get us God, take us out of here. There is no where in the scripture that suggests God is going to take you out of here. When God embodied made that majestic prayer, here he was in the fullness of spirit and he said: "Don't take them out of the world. Keep them in the world." He was speaking of the children of the kingdom and then he said: "Thine (spirit) they were in the heavens, mine (now embodied in earth) they are vital to earth, so keep them in it." Then in this instance HE said: "First we will gather the tares out." Then he told this parable, as to how two would be working at the mill and one would be taken. Two people might be together working at something, they are side by side, and then all of a sudden one of them is taken. And people said, Oh, that is the church going away. Oh, no it isn't. That is the tares taken.

Someone said, but I want to go somewhere else. Well, I don't. This is a beautiful world. With its high mountains, its steep valleys and its beautiful seas, it is a beautiful world. And God placed on it every thing necessary for you. And he gave you wisdom and knowledge so as to produce from it. There is nothing that the knowledge of God would not make this a happy place to live in. But there is something wrong here, something which is planted here that is opposing every thing of God that is good. And therefore they seek to destroy and crush every thing that is good. They want the devil to reign, they want a world of sensual degeneration, where in God would never have any relationship to it. So they go out with all of their lying intent to try to corrupt the thinking and the actions of the entire world. Who does this? THE TARES. And it is the Tares that would injure the wheat.

So when we reach the end of the age, then we come to 'Tare 'time. We have mentioned to you in the past how that great patriarch Enoch was taken out into the heavens, and was shown so many mysteries. He was shown the things that God would do Of the measures in the sky and of the position of the planets, in the solar systems. And of the measures of the

heavens in which they would be found. And of the groupings of the stars in space, as certain events would happen.

Enoch was told what the signs would be for the birth of the embodiment of God the Messiah who would come for the deliverance and redemption of his people. He also knew what the completed redemption sign would be. He knew what to look for when Christ re-entered the world, when consummated the atonement, after permitting the advancement of his kingdom and the development of his church. He would now come in at the end of the age to overthrow the powers of darkness and the forces of evil. He knew what those signs were to be. The sign of all of the planets that would line up in the Waterman (Aquarius) of the heavens. And this took place in February of 1962. And he was also told that in 42 moons there would occur another sign in the sky, and from this measure then the time would occur when the judgments would start to fall upon the enemies of God's kingdom.

Now; we realize that from that sign 'of 'the sons of man in the heavens', which took place in 1962, in February. And there was Enoch talking about it 5000 years before Christ, shows the accuracy with which God had allotted the measure. And 42 months from that date brings you to mid August but the first two cuts brings you to the first of September. But from mid-August on the time should come for judgment to come. And then we find that Barney Baruch disappeared. And Mr. Stevenson should leave to you know. And there will be more of these. Even as we approach the end of the age, we find that 'tares' are going all of the time. And as HE starts to take out 'tares' then judgments start to fall all over the world. And I point out to you that there is nothing that the ADL can do for all of the civil rights groups of the President. And all of the agencies that are being used today to give special protection to the enemies of God's kingdom. There is nothing to protect the tares which God has promised to remove. Now; some of them are going to be driven out of the land even before they are snatched out. Some of them are going to find that Wrath is going to rise up in the countenance of God's people, as they find out what these people have been doing and it says that there will not be a Canaanite left in the house of God.

Now; I had just assumed that some of them would migrate first, but some of them may never have to. The ministering spirits include also the house of God, and they include leadership as well in God's kingdom, as well as his holy angels, and the reapers. God has sent reapers in before and they have just plucked up one here and one there. Even took the son of Pharaoh at one time as they moved in the death angel, in order that he might deliver the people of God's kingdom. So do not think that when Jesus thinks about pulling up the tares that he did not mean exactly that. For over in the 15th chapter of Matthew, he said that every plant not planted by my father, (the spirit) is going to be plucked up. "Every plant that the father hath not planted." Well the father did not plant any of the trees of the Luciferian line. He did not plant any of the areas of pagan opposition. And all of this opposition that Lucifer has brought about he is going to pluck up.

You know that we are in the day of intense propaganda. In fact I know that every great massive evil comes out of the Satanic household. I know that there are black ones, and tan ones and red ones, and some off-white ones are the 'tares' for they are the wicked ones. I think that all of the economic evils of the world the background of all of the great depravities, first came out of idol worshiping countries under paganism. And then in Christian nations where it is sowed to capture the mind of the people, until they degenerate and twist the minds of the people until they enter the time of lust and evil. I think this propaganda has always come from Satan's own children the Jews. And I think that I can prove to you that there has been no area that has helped this along like the motion picture era, which has been in their hands. And other agencies where they have had control. And they sought to degenerate our society by upsetting its balance. And twisting every concept, even in family relationships and in home relationships. And seeking to thrust every picture of evil before the minds of men until they become out of balance and commence doing evil instead of doing good.

Now; we can well go back to the words of Jesus, he spoke concerning these individuals and he said: 'Not only are you like your father the devil, but he was a liar and a murderer from the beginning.' So Jesus said to the Jews standing around, that they were like their father. Therefore there

was no truth in their father, and they will lie when it would be easier to tell the truth. This is their nature. And then the scripture goes further and says that they had no capacity to believe Christ. That the truth was not in them so they could not understand what he said, therefore they could not believe it. This is the twisted perverted nature of your species, so Jesus said. Oh, my how they hate Jesus.

Do you know why they do not want to put on trial Christian Americans for preaching the gospel? Or for being against the Jews. Because if they ever tried to pass any legislation to stop the preaching of the Gospel or to the identification of the enemy, we would make them eat every verse of this, and eat it line by line. They are either going to have to destroy the bible or release Christians to the truth. We have all kinds of conspiracies to destroy us, to mongrelize our race. It was the power of Jewry right after the assassination of Abraham Lincoln, which had been planned by Jewry, secretly, and they had hope to take over all of the south and turn loose the Negroes and train them in their evil, without law, and turn them loose on the white man. In fact it became so dangerous in those first weeks of reconstruction and finally they had to remember their ancient tradition and the KKK had to ride again. So the KKK was born again and they can hate it and they can spit on it. But the fact is that the KKK was born again as the white man was rising to defend himself, against the rapaciousness of animal like people, being used by devil people, the Jews.

Someone said oh, this was a terrible organization, a lot of violence. My friends, there was not half enough.

Do not talk to me about violence. For I am going to tell you that the conspiracy against the kingdom of God, and violence brings righteousness. And they who take up the sword to destroy the kingdom are going to die by it. And in those days then Hollywood turned out some great pictures, and there came that one, 'The Birth of a Nation'. And people had a chance to review the course of their nation. They saw that great picture of clansmen riding to free the south from evil conspiracies and satanic power. In this reconstruction period which was to regenerate our nation. They saw a nation saved by riding white men. I am going to say this

tonight. That if there is anything the enemy fears, it is white Christians dedicated for white survival, and out to punish the forces of darkness.

Oh, you say but this is outlaw? But whenever the government breaks down and can no longer protect you from the savage, then the law must be created by the citizen, then this great brotherhood moves and rides to carry out the law, then this is not outlaw, it is necessary. You do not know just how lucky you were when the Watts riots occurred, and they were able to bring in enough police to contain it. If the Negroes had moved out and attacked Glendale and Pasadena, and Beverly Hills as their plans called for. They might not have found the mounted legions but they would have found that the white man was still there. I have watched more propaganda turned out by Hollywood, and more printed for the eyes of people, on T.V. screens and in motion pictures. And their planned attack and they can make anything look evil by repetition if white men give credit and do not consider the source.

Last Monday and Tuesday a documentary was put out on the KKK. They have been working on it for some time, just as they worked on the broadcast which they called the 'hot bed of hatred. 'The fact is that in this television program a Jew by the name of David Low, a television producer was 50 years old. I say he was, that is the good news. but he was the editor and creator of that documentary called: "The KKK, the invisible empire'. And he was successful in trying to sweep it all across the T.V. screens and they will repeat it again and again. And in this picture they take a few scenes out of Griffith's great picture. But they are trying to down grade the picture and if there is violence it has been sowed by this attack on the white race, and can only be settled in blood.

So they came out with this great documentary and they were praising the man who put it together, and they showed it Monday and Tuesday. And by Thursday, he was dead. Someone said but this might not have been a gathering of a 'tare'. Sure it was. A heart attack might not have been a sight to behold. But it is real constructive. And in many instances it is so final. All right let's not have any crocodile tears when a 'tare' goes. For the 'tares' will go faster and faster as the days go by. There is one thing about this, that when God sends in the reaper and he takes out a 'tare' who

has just levelled an attack on the kingdom and thinks he is riding high, in a reward for his activity.

Let me tell you something, when God takes them out there is no way for them to place the blame on the children of the kingdom.

All right. I point out to you that 'tare' time is upon us. You know there was a little dress rehearsal upon the kinds of judgments that are about to move. Hurricane Betsy was hurling around the Jew colonies of Florida, and move in on some of the essential areas of Louisiana. Oh, there were a lot of people who were hurt and lost property. But if you want to dwell where Babylon dwells then you will always have to take some of the punishments of Babylon. It is not that God is mad at the people who dwell down there.

But I am going to tell you something. If those people had come to attention a long time ago there would not be any tares in their midst, and there would not be any reason for judgment to come. If you want to stay where you are, then eliminate the influence and move out the enemy. And if you do not want to move out the enemy, then you get ready to take the chastisement.

But 'tare' time has come. There are more hurricanes brewing. The elements are twisting from this vibration of the enemies of God and they are affecting the atmosphere. Earthquakes are stepping up all round the world. I am going to tell you that God has different ways of taking out 'tares.'

In the days of Joshua God took them out with meteorites from the sky. There were other times when they came against Israel, and they were outnumbered and they raised their great shields and the sun reflected into the eyes of the enemy and they ran right over the cliff, and into destruction. There have been times when God used their own confusion, as in the days of Gideon when with 300 men up on the side of the mountain and their candles inside of pictures, and their swords in their hands and their trumpets by their side. They suddenly broke the ceramic pictures and lifted high the candles and the enemy in the confusion in their camp,

thinking that a mighty army was upon them, were killing one another. And only 300 men were able to finish the story, but the confusion of the enemy was from God. Once they moved out against the priests of God and a little earthquake opened the earth then swallowed them up and came together once more, after swallowing up the enemies of the prophets of God.

These are historic factors. God has always helped Israel. In the Assyrian history they tell of how in Israel's migrations that God sent an earthquake more mighty than they had ever known. Therefore we point out to you that God has all of the forces of nature at his command. He hung it upon his word, and created it according to his command, and now he tells you that he will take the 'tares' out. I do not think it is just going to be physical.

The other day a highway official was riding along the highway. He had his camera on, and he looked up and he saw something that he did not believe in, but he took its picture. And he had a beautiful picture of a flying saucer. He said, I do not believe in flying saucers. But I do believe in photography. Well they could not say too much about it but it was a great craft streaking thru the sky. America did not make it, there has not been anyone else claiming they made it, so they say whose is it. Ask Michael.

Now; Michael is probably one of the most efficient technicians today. And probably there is no one in all of the field of battle, has commanded greater hosts and has more flying air crafts, and missiles at his command. More powerful disintegrators and more powerful rays. They talk about the Lazar beam. But they have more powerful rays up there that when they turn them down on a spot it disintegrates right now. Oh, you say it is the same kind of ray? But it is more perfected. I can assure you of this. You say how do you know this? The scriptures tell me about these fleets. Daniel the prophet was told concerning these fleets. And they move out in a steady stream. Coming out of A1 Cyon and move out to the sidereal systems. And they tell us that thousands and thousands times tens of thousands of these ships, illuminated like fire speed across space from the throne of the Most High God. And Michael is the Archangel in command

of them. When you turn to the book of Revelation, as we have called your attention and you read as to the end of this age. Then you know that the book of Revelation tells us that the Jew conspirators would like to turn loose all of their armies against this hosts that will appear out of the heavens. And this will include the fleet of Jesus Christ and all the hosts of Michael as they sweep into earth to take command of this final phase of this battle.

Do you know what it says that they plan to turn their weapons and missiles against these fleets coming in? They have rockets and missiles stacked out there to intercept something. But let me tell you something. That is futility. When they try to intercept your Father and his family who are your kinsmen, as they come in, they will discover that there is power up there that can turn their missiles right back on them. There is power up there that can disintegrate any spot of opposition. But before this, in this struggle that you are in, in this preliminary hour, before the hour of the appearance of the mighty hosts of heaven with Christ, he is going to send in a part of Michael's fleet. And they will travel around the earth. And I do not doubt that at times the death angel drops in and removes someone. I am going to tell you one of the great mysteries as to what will hit Hollywood. It will be the day when the great hosts move thru the sky. Maybe not so silent this time. Maybe we will hear them this time like in the days of Ezekiel as they sounded like the mighty rushing of water. But the great hosts will move thru the sky and in the morning there will be a lot of studios that will not have directors. The day is going to come when there will be a lot of missing people. Maybe some of these cars on the freeway will have no drivers.

But I point out to you that just one of these days they will just be gone. What do I mean? Well, the bible says that the 'tares' will be gathered out. Someone said, I want it to happen in a big way. Well you are just starting into this period and it will pick up tempo. You have arrived at this time when God says judgments will arrive on my enemies, tare time is here. If you see some special tare then say God how about this one. You do not have to sit around and pray all of the time. It is good to thank him for your meals and to ask forgiveness when necessary. It is good to say hello to the Father and thank him for his care before you fall asleep at night. But

how about pointing out here and there a 'tare'? It says: what so ever things ye bind will be bound, and what so ever things that you curse shall be cursed also. The kingdom of God blesses and it does not curse, but when it comes to saving the kingdom there are certain things that must be taken out of earth. Every plant that my Father did not plant will be plucked up. Now; in this declaration not only just the 'tares' but I am going to show you the seed of the Serpent, is the great major target but also we discover here in the book of Matthew here that not only the 'tares' but they shall gather out of his kingdom everything that offends. So a whole lot of agents that went to work for these 'tares' may be missing one of these days. I think this will step up every single day. Way back in the sedition trials there were a lot of fine patriotic Americans in these United States, that dared to denounce the Jew for his conspiracy and his work in communism. And they had so much control in those days that they moved out and gathered up preachers and patriots and some of the leaders of the American Nazis, and they gathered up all of the leaders that they could. And then they would say that these are all Nazis and they got away with a charge like this because we were fighting Germany. And of course when you are in a war there is only one thing to do, and that is to win that war. Some of these men who died like the original Gerald Winrod and others, and if they had kept on going they would have gotten Gerald Smith and a lot of others at that time, because they were early in this fight against the enemy. But they gathered up a lot of these men and they took them to Washington and they put them in jail. And made all kind of charges against them. But the scripture says that they will bring you before the synagogues and the judges. And many of them had their fortunes exhausted trying to defend themselves against this massive Jew conspiracy.

Oh, there may have been some of the group that was seditious but the fact was that they were trying to brand all of the Patriots as seditious. Well, they piled up a lot of phoney evidence like the war crimes attorneys, and the Jewish attorneys were framing the Germans and we now well know that they were bringing all kinds of designs into play. And they were bringing in all kinds of claims against any military leader who might have struck at their communist designs. And they had German officers executed for the Katyn Forest massacre, when they had nothing to do with it.

Mr. Eisenhower knew this before he died but he did not want to disturb our good relationship with Russia.

Now; we have these kinds of situations. But do you know what just before this trial of the Patriots, then God just went down and grabbed the judge out of the way. So they had a trial and they could not do anything about it for want of witnesses, so they had to turn them all lose.

Someone said there are things being set up now for the children of the kingdom. My friends, they are playing a dangerous game, here at 'tare' time if they lay their hands on God's children in this hour. I think that God is going to gather out the Jews in America and those that do not leave will be so scared they will want to get out from under this fall of judgment.

Now let's get this clear. Someone says we are not supposed to get so angry about this. But my bible says that wrath will rise in our countenances. A lot of people say that it will destroy you this getting angry. But getting angry against God's enemies that will make you strong. It is only when you get angry at your brother that this erodes on your soul. So God makes it clear, he says that they are blamed for all of the blood of the righteous from Abel to Zachariah killed between the horns of the altar. And all of the power set up in the inquisition churches against the church with their inquisitors and the chief inquisitor was Torquemata, and he was a Jew. And behind all troubles and all betrayals will be done by another Jew who is now the pope of Rome and he will do this when he comes over here in the next few weeks. This is not an anti-Catholic statement, it is a Jew Catholic statement. He wants all religions to be combined in this one world order, and he wants to be the head of all religions and all nations.

And do you know what would happen if this transpires. There would not remain any ability for you to retain your sovereignty. You would be out voted, out manoeuvred and taken over. He thinks Red China and all of these countries should be admitted to the United Nations. So does Mr. Goldberg. That is just one 'tare' that I am waiting to see go. I don't care how they do it. I would like to see him go while the Pope is talking to the president. And if they use a Jew magnet the pope will go to. I don't care how they take them out of here. Just get the 'tares' out.

Do you realize that there was no attempt on the part of Jesus to disguise the truth to you? They could not understand, but he spoke in a mystery so they would not understand. He did not want them to get part of the idea and try to destroy you. However, the contemporary program of Lucifer is to move into the kingdom and join it and destroy from the inside. So we look for the end of the age, and we know that we have crossed the meridian of the sky and it is 'tare' time. And 'tare' time must precede the great and mighty gathering of God's kingdom, for it's final blessing, reward and management. And before God separates the sheep from the goats, and says to you Christian nations of white people, now you rule the world. He says to you, I planned this from the beginning so now take possession. Before God says that to you, he is going to take the 'tares' out. Goats are just the non-sheep people they are not 'tares'. So the goat nations will say but the 'tares' they must go.

So if you tell them this they will say that you want to stir up trouble you want to stir up violence. I am not talking about violence. I am just talking about what God has promised us. And the promises of God tell us that "I will take the 'tares' out for you." I may call on you for help but I am going to send in my ministering spirits and the hosts of Heaven and we are going to take the tares out, first.

Every day as I take up the paper I look for what 'tares' are taken out. Did you know that Jews are now the minority in these United States? And then as you look at the obituary list then the total is almost as much for the Jews as it is for all other people who are dying right now. Isn't that strange? In fact you begin to wonder about that figure that they say died in the Holocaust. But I can tell you something right now. All over the nation in the obituary column this is taking place. But what we are waiting for is the mass removal.

Someone said how can you talk about a whole race, a host of people? I can talk about all of the hosts of the devil and pray to God to get them out of the way. People are worried about this battle for our young people. They are engaged in some of the most evil vices of our time. And they place across my desk a statistic.

Sometimes we have talked to some of the leaders in this field who are battling in this fight. One of the most deadly traffics today is the white slave traffic, and it is designed to capture youth, and then willingly taking them down the road to one of the most lustful degenerations, by first capturing their minds, and weakening them. And attacking them in their schools against the structure of their faith, and trying to make them think that their promiscuous conduct is fine, and any restraint in moral and ethical structure is only superstitious and old fashioned. So they attack your faith inside of the schools and then the dope pushers come in and then try to add to this the sudden challenge that the dope will provide. Many of them use the less habit forming drugs but all have the impact of experience. So they start out with Marijuana, and end up with morphine. And you may think that this is just a challenge against your race. But I am going to tell you that almost every major high schools in New York City, and many of the major high schools right here, have these now dope addicts recruited into the operation and the majority of dope masters in the U.S. have been masterminded by Jew syndicates.

The majority of those carrying out this dope syndicate are Jews, and some of them are right here in this city. I think the death penalty should be applied to any who are caught in this dope syndicate trying to sell dope to our youth, to destroy them morally and physically.

Remember this now. For they have built up the Beatles until your youth think they are wonderful. But the Beatles have just published a book, here in 1965. and it says something about the Spaniards. And they say in their book on page 14, that Jesus Christ is a dirty little garlic eating Catholic bastard. The reason why they hate the Spaniards so much is that they would not let the Beatles come into Spain. Because Franco was smarter than Johnson. But I want to point out again, that here in this battle to destroy with vice and corruption, with immorality which put a charge of strange influence over the mind of youth, so as to make a depraved society, Jewry wages war on your children.

Now; you will maybe go to many sermons even Billy Graham will sometimes touch on the subject, but there are not many that will tell you that this is a Jew operated, Jew controlled operation. I am going to tell

you something. Until you get the very cry, which brings Michael in with speed you are in trouble. But Jesus said that when they call upon me for deliverance then everyone shall be delivered, all of my household. My friends, let's humble ourselves, and admit that we have not been militant enough in protecting our society. Let's call for God to pick up the 'tares' Karl Marx and his helpers are responsible for everyone who died under that revolution. They are to blame for the decay of Moscow, for the rape of Eastern Europe, and for the conspiracy against you. For every young man who dies tonight in the Vietcong. Karl Marx the son of a Rabbi, and Jewry which supported him, and their traitors in foreign service and their conspiracy which continues. There is a judgment, death. For they have fought against God's kingdom. And if Jesus were to step in here at this moment it would be by the prophecy of Luke, for this is what Jesus said: 'Bring before me mine enemy who say that I should not reign over them, and slay them before me.' Do you know who we are talking about? We are talking about Jesus Christ, not Adolph Hitler.

Every time that anyone talks about destroying evil, then the enemy cries Hitler. Do you know why they do that? This is because they have painted such a grotesque picture that they have made Hitler a whipping boy for everything they do not like. I am not against Hitler, and I am not for Hitler. And I do not know where the truth begins and ends in lots of this. But I do know this. That anyone who tries to destroy a nations morality and ethics, anyone who wants to grind a people down and wipe out their civilization, needs to be totally destroyed from that nation. As this goes out over the nation and the world, and vibrates then let's hope it just brings in Michael's fleet. For I am convinced that at a moments notice, that of the craft that they cannot analyze are the armies of the most High God.

As I look into the night sky which is getting more clear at this time of year, and here is motion there. Some are from satellites that we have put in the sky, and some are from satellites the enemy has put in the air, because we have reached the end of the age, but some of them are the fleets of Michael, which come and go, and go wherever they will. The enemy has not enough power to protect themselves from this, or stop it.

And you can look into the sky without fear and say "Lord Jesus come quickly, even so Come."

But be sure of this. When the great storms sweep in and hit the cities just be thankful that in this hour, that as the judgment begins at the house of God, just be sure that God is aiming at the enemies of your society.

So watch as God takes them out, and there can be casualties in the kingdom for the leaders which God raises up are under pressure But I can tell you this that as God removes the destroyers, the world becomes free again. And for this then Jesus said: 'understand this.' How the disciples must have wanted the tares to go. But Jesus said this will be at the end of the age. And you and I many of us will see this deliverance, come to pass because of the program of the Most High God.
