

We Have Seen His Star

By

Dr. Wesley A. Swift

21st December 1962

Dr. Wesley A. Swift

Dr. Wesley A. Swift, the son of a Methodist minister, was called to preach in his teens. He was a dynamic, inspired speaker who taught uncompromising Biblical truths ignored by modernist ministers. His anointed preaching brought forth a high spiritual dimension of understanding to the Kingdom Identity message, giving “life” and “power” to the Sacred Word. Even the anti-

christians acknowledge that, “Wesley Swift is considered the single most significant figure in the early years of the Christian Identity movement in the United States.” Dr. Swift founded the Church of Jesus Christ – Christian in the 1940’s, a ministry that spread the Kingdom Identity message nation-wide to YHVH’s Children, the White spirit-race known Scripturally as “sons of God”. By teaching these truths to true Israel, this warrior-priest put fear in the hearts of the enemies of Christ. Following Dr. Swift’s death in 1970, his widow Lorraine Swift faithfully carried on the Church of Jesus Christ – Christian. We

are highly honoured to be able to continue Dr. Swift’s work, by placing those works that we have in print here on our web site ...preserving and earnestly contending for “the faith which was once delivered unto the saints”...for any and all to read.

We, at the Covenant Church of Yahweh hope that you will study, enjoy, and appreciate Dr. Wesley Swift’s works.

We Have Seen His Star

By

Dr. Wesley A. Swift

21st December 1962

As we turn to this great event which we celebrate we realize that it is a good thing for Christians to recognize the Birth of The Christ. For this is the greatest individual event which happened in the course of the history of this earth, without a doubt, and there was nothing more important to our race since we were placed in earth than the return, by the coming of The Christ, to our relationship with God. It is a most significant thing that the events which we celebrate in our Christmas observance were almost one-quarter of a million years in their development. What do we mean by that since our race has only been on the earth about 7400 years, since the day of Adam to the time of The Christ was 5400 plus a few years, then it was because of the events which were involved. Let us turn for a moment to the second chapter of Matthew as we read; 'When Jesus was born in Bethlehem of Judea in the days of Herod the King, behold, there came Wise men from the East to Jerusalem, saying: 'Where is he that is born King in Judea, for we have seen his Star in the East and have come to worship HIM?' 'We have seen His Star in the East', how would they know what star to look for? In the East there are thousands upon thousands of stars. A multitude of ten times 126 trillion fill the sky from the east to the west, from the north to the south in a single 24 hour day. How then would the Wise men say: 'We have seen His Star'. How would they say: We know that He is to be born in Judea? What strange wisdom would have given these men this knowledge?

Again this is the part of the history of our race, for we know that such a Star did appear. Out of the records of Rome we know that there was phenomena in the sky at this time, and a phenomena which was recognized as tremendous, occurred at the time of His birth, and this was observed and recorded, and Rome has those records in its civilian government unto this day. In fact in those records in Rome they carry the testimony of people who lived in Bethlehem at that time, and they tell of the things that happened in their city, and also in Jerusalem, and they tell

of the visit of the Wise men, and who these men were and from whence they came. Today modern archaeology confirms all the history that took place around the time of Christ's Birth. And we discover that the Hearst Newspapers recently published some of the findings of Archaeology, as facts and records of the time when the birth of The Christ took place. Thus we say that we can historically establish the mystery, the events of unusual happenings which took place, and thus the Biblical reports are now certified as true strictly on the basis of civil evidence produced.

We tell you that this is a most significant thing because we look back to this record which says: 'We have seen His Star in the East'. A great number of astronomers over the years have sought to find a solution to this problem, and by the modern process of using sidereal calculators we may now make definite tracings of certain conditions to find out how far back certain things and certain conditions happened. Calculators have been used, and it has been learned that certain things did happen at the time of Christ's birth, and the evidence has been now well established. We go back now to; How did they know? And from whence did these Wise men receive their knowledge? We have told you in the past that the great Star prophecies of your race commenced with the great Patriarch who God singled out for the unusual honour which was to show knowledge and wisdom, and to become the great master teacher in this area of spiritual knowledge and understanding concerning God's plans for your race. We find this great teacher some 400 years after the leaving of the Garden, after their violation of Divine Law, a descendent of Adam through Seth; the Mighty Patriarch diligently applying himself to all the knowledge and wisdom he could obtain, and this was none other than the Mighty Patriarch Enoch. In fact almost all the deep mysteries we find running through the ancient wisdom schools of Israel, and in the Old Testament started with the Mighty experiences of Enoch.

Significantly we know that it was Enoch who wrote the 'Gospel of the Stars' as such, with symbols and with interpreting understanding, which was taught so long in the wisdom schools of Israel. It must be remembered that Enoch had understood and laid out the foundation of this knowledge long before the flood which occurred in Noah's life time, in the upper Tarim Basin, and which effected so much of that part of the

world. We also know that Enoch's knowledge and understanding was not something that he guessed at, for he had been instructed by the HIGHEST. We know that a great ship arrived outside of his door, and those who summoned him came directly from the MOST HIGH GOD. Their vehicle of transportation took him outside our solar system, and he described the exact number of planets in our solar system as he passed them.

Again we cite to you that this information was never actually consummated by our telescopes and instruments until 1931-32, but Enoch knew about Pluto and about Uranus long before it had been estimated by our astronomers that these two existed. The fact remains that Enoch had written of this and the ancient Essenes understood this, and the Temple at Zendera had all 612 stars from first to seventh magnitude, all the processions of the equinoxes of both solar and polar equinoxes, in their proper relationship. They had the exact number of wanderers moving through the sky in that Zodiacal house of measure built in Egypt by your forbearers. The Maya also had this knowledge bestowed upon them by the coming of these wise Savants of your race as they visited that land. The Mayans had never included Uranus and Pluto in their solar system, but they added them after the coming of the Wise ones, which they referred to as 'White Gods'.

This knowledge was given to Enoch, and if you will go back to the 'Secrets of Enoch' and 'The Pillars of Enoch', you will discover that he tells about the things he saw in the heavens when he went out to that great central area of the Universe, the Pleiades. And as Enoch came to this great area of the heavens in which the seat of the Throne of God was located, he told about seeing the great activity of this wondrous headquarters of the Universe, and then he tells of how he was ushered into the headquarters of God, and how YAHWEH looked at him and said: 'you are My son'. And then it dawned upon him once again, as it was brought back by the Spirit, the realization of the days when he had walked in Celestial realms, and had walked in the courts of the Heavenly Kingdom. How he had volunteered as well as others, for YAHWEH had declared that you volunteered to go into earth as he told of His plan for the earth, of establishing His Kingdom, and bringing back this area into proper

relationship with the Almighty, and you volunteered. And then Enoch tells of his remembrance, of why he was brought there, why he was told that he was brought there in the flesh so that on his return in the flesh he would remember in the flesh what he had forgotten in the spirit, because of this veil of flesh around him. And then Enoch was told again of God's great plan, for this earth.

If there is one great truth you need to know and to remember, and understand, it is that each and everyone of you here today was begotten of the Father (spirit) and was the entity of God's purpose and love. And though your kinsmen number in the multiple millions, God has known each and every one of you. And there is nothing He has not known or has not planned concerning your destiny. HE wrote your name down in the Lamb's Book of Life before the creation of this cosmos, and has a direct relationship in understanding, with you who possess today, this spirit of His Spirit, life of His Life, and this is a force of the essence of His own consciousness. As such you can draw out of the mind of God, and as such receive instruction and guidance from HIM. But there is a portion of Divine quality that is in each and everyone of His offspring, for you are the children of the MOST HIGH GOD.

Thus Enoch was to tell his kinsmen in earth that this was true, and more than that he was to tell them that they had lost a certain amount of their Divine power when they violated Divine Law in the first instance of their dwelling in earth. Thus God promised to restore the mighty power of full glorified Sonship to his sons and daughters. For every man and woman of the Race, an absolute and consummate redemption, a mighty program for the overthrowing of the darkness, and the establishment of the Kingdom, and the lifting up of the standards of Light. He was to tell them that all of this was in the knowledge of God, and was in the great Plan. Then Enoch was told that the mighty event which was essential to start again the fullness of this development of release, and this mighty power to descend would require that HE, God himself, be born in earth. That HE join His Race, that He be born as a babe out of the very race he had begotten in the very creative purposes of establishing the Adamic Household. Thus Enoch was told that He the Eternal YAHWEH would be born as a babe among men, and that this child would be incarnate

YAHWEH-YAHSHUA. That this would then fulfil the prophecy spoken by Isaiah under inspiration: 'A Virgin shall conceive and bear a son, and thou shall call him Immanuel, meaning God with us.

We point back to the fact that Enoch was told what would be the signs which would mark this event so that those watching would understand and know the measure, he was told that: long after you have returned from my presence, shall my visitation to earth be. Certain signs shall there be for a certain Star shall move out of Aquila, a star shall cross from Aquila unto the head of Virgo, and it has been long on its route. And when this star is above Virgo and Virgo is in the measure of promise, then you will know that the hour is very close. For you will know 3 months after I have started the miracle of my birth, for a conjunction of Saturn and Jupiter shall occur, and then three months later another conjunction, and then three months later another conjunction in the sky as I enter the earth in birth by route of a human body. So Enoch returned and he reported these factors and even more, for there shall come as these signs bring their measure, and as the sighting measures conclude that the Star is in proper place, then it shall transverse from the head of Virgo to the womb of Virgo. This now will be very quick as we see it pass through the alignment of that sidereal system. But when it was told to Enoch, it was also told that those who would watch following the instructions Enoch brought back to earth would be rewarded by being guided to HIM, to the presence of the Miracle.

Thus Enoch was to record this, and there were other things which Enoch was to record as we have cited to you before. But we want you to remember that the year 1962 is a great and tremendous year for you because Enoch was told that in the latter time, at the climax of this era, and as you are entering into a new one, when the Kingdom of this world were to become the Kingdom or OUR LORD and His Christ, when the Mighty Kingdom of God would be triumphant over the power of darkness, that God would again join in earth with the second manifestation of His power. This would follow the sign of the Son of Man in the heavens (Matthew 24:30). Enoch was told that this sign of 'The Son of Man' in the heavens: was to be, when seven planets or wanderers in the sign of Aquarius, and straight across in exact opposite, squaring it would be the

other two planets of the solar system. And from the earth we would look in both directions and see this tremendous event. And when you see this you will know that this is the sign of 'The Son of Man' in the Heavens. That sign was seen February 4, 1962., and this is the first time since even before Enoch was told 5000 years before the Christ that there would be such a sign, a symbol, in the sign of Aquarius, all planets lined up in this sign with the complete squaring, in opposition to it. More than this all the planets of the solar system were lined up, straight across. This was the sign given to Enoch, and the knowledge of these signs were taught among the Essenes. They were taught in the great wisdom schools of Israel.

After Enoch had returned to earth, and told his story and written his books, then he was to fulfil all these things he was told to do, and he moved in that work to establish the great city of ON, and to build the Temple of Zendera. Job was also to work with Enoch and they would also build the Pyramid of measure. When these things were accomplished there were within this great mysterious structure as well as the other structures, many times the symbol of lore that we have told you here tonight. Because in this was involved also the measures which God had marked as the great Star Gospel of the Sky, and from earth you were to see it, as it was making a routine pattern of measure. In this we were to note that a great Dragon symbolically known as Dragonis was in this picture in the sky. This great Dragon is referred to in the 12th., chapter of Revelation: 'There appeared this great wonder in the heavens', this Dragon, here the symbolism is of this Dragon with 7 heads, 10 horns, and 7 crowns, and 'His, tail (tale) drew one third of the stars of heaven and cast them to earth. And the Dragon stood before the Woman who was ready to be delivered, for to devour her child as soon as it was born. And she brought forth a man child who was to rule the nations with a rod of Iron', and then be caught back into the heavens as the empowering, ruling God. So the Book of Revelation tells you this same thing that the man Enoch was also told.

The sign of the Dragon in the heavens is now the symbol of Lucifer in his fallen power. One-third of the Angelic hosts of the heavens rebelled with him, and at the time of Christ stood ready with his minions in earth to destroy the embodiment of God at the time of His birth. Thus the symbol

of the Dragon, and the symbol of the Virgin, or Virgo, and the Seed of the Woman which was to become the head of the nations were all involved in the Great Star Gospel, of the messages received by Enoch, directly from YAHWEH (God), and His Archangels. All this was recorded in the records of Enoch, and this was taught in the Schools of Wisdom which came down from Job and Enoch, through the Temple of Solomon, on down to our time. In fact the Apostle Paul said: 'I am a Mason, a wise master builder, and no other foundation can any man lay but that which his laid in YAHSUA, or the incarnate embodiment of The Christ. I Corinthians 3:10-11

There was also Joseph of Arimathea, the brother, or uncle of Mary a wise and brilliant Master Builder, a Mason who not only owned the tin mines of Britain and the lands scattered all over Glastonbury, but his ships were plying the seas as well. They were moving in trade through the pillars of Hercules and into Palestine. He also knew and was taught much concerning the 'lore' for this 'lore' was known deeply in Britain. In fact our race and its wise Magi were those who had been studying astronomically all the measures of the sky. In fact almost all of astronomy and most of its greatness is a by product of the white race. For the white race had accomplished virtually everything which has been done in the areas of Wise Astronomy, and made the instruments to measure it. Today you have the instrument where as you ground the lenses to study the heavens, and have produced the capacity to view the 126 suns, which has been the by product of the intelligence of the Kingdom of God in earth. And in America and in Germany, and in areas of Scandinavia, and in Britain are some of the finest of instruments which men use to observe the heavens of today. We have electronic scopes which go beyond this by a multiple of times, the area we used to bring in by lenses, for now we can sensitize the camera plates. We find that God gave to His children the knowledge they sought for, as He had given them the vision to produce the machine, and the instruments with also the vision as to what they would find if they produced those instruments with which to look.

Thus it is that in these modern times we have produced great instruments with which to view the Universe. But in the earliest days of our race as they migrated from the High Tarim Basin we find they were at work in

measuring the sky. From the very days of Enoch up until this time of our days men have been looking for a most vital and certain spot, and they had a very valuable wisdom by which to make these sightings. It was for this purpose that men of our race in those earlier days moved into the high mountains close to Tibet in one of the high plateaus of the Himalayas, and there they built an observation post. They set up a great circle of stones, with sighting stones and grooves, and this was a unique 'do-ring' of stone high in the Tibetan planes. Then over in Medo-Persia again was set in place a great circle a 'do-ring' of stones. These were great settings of stones for the purpose of charting the processions of the equinoxes and the measurements of the heavens. But here also was a sighting plane, and why this great sighting plane? Why its grooves? Why was it aimed at a certain point in the heavens, where Virgo would top a certain point in the heavens? And why was it that this sighting plane was geared to Aquila? There was a reason for all this.

If you were to go to Britain to Coventry and to Avebury you would find two great circles of stone, one is Stonehenge, and one is Avebury. Both of these were set with great multiples of stones, with inner and outer circles, and they also had been set to measure the sky. They are not as some ignorant people write in this hour, pagan superstition, or spots for human sacrifice. No, my friends, these spots were for astronomical observations. There were no human sacrifices at either Stonehenge, or Avebury, these were modern instruments of that day, and they were geared to look at the same spot, and measure the same thing as was being done in ancient Persia, where the Aryans had built their site, high up in the Himalayas. Here it was said that the tall Manu had come to measure the sky. Aryans, tall white men had come to that area and they were talking about their God, about this Mighty King who would come, and they set up their circle of rocks and watched for the measure in the sky.

Over between the Vail of Kashmir and India the white men had come in, and in ages gone by they had set up their circle of stones, and this one was just exactly like the one in Tibet, and the one in Persia, and the two in Britain, and all were for the measuring and aligning the patterns of the Stars. But what were they waiting for? The people of India said they were waiting for the coming of Krishna who's Glory shall fill the sky, and whose marks are in the heavens, this is what the tall Manu wait for.

Over in Persia the people said; yes this is what they are waiting for, the embodiment of the King of Heaven, who is to come to earth. Then there was a later prophet by the name of Zoroaster, who was to site that the Eternal God who was the Light of Life, and Resurrection, and who had power of the dead, was to come to liberate his many children. Was to come to establish His Majesty and Power, and We wait for His Star, and we know that the heavens shall proclaim His coming. Thus spoke Zoroaster who was not only a wise prophet of the white race among the Aryans who lived in Persia, but they knew the gearing of the relationship of these prophecies to those things brought out by Enoch and Job. Zoroaster quoted Enoch very fluently, and among the Aryans of Medo-Persia in the land of Persia, there was a great use made of the records of Enoch. And their astronomical body which set up the measuring of 'Do-ring' and their observatories were referred to by Avargus in his records as well, for all related to this watching of the sky for the 'Sign of the KING'.

Significantly with all their observations they made many, many records of astronomical observations which are supported even up to this time. To show exactly what these men were waiting and watching for through the years, and we see from their records that they reported every eclipse, every conjunction, and did it accurately. And out of these records which were recorded and beheld by men in ancient Persia has come sidereal calculations by men of our time, and they have by this method checked back and found that those ancient observations were accurate, and conclusive of the continuity with which these 'watches' had been set. In fact it was known as well in ancient Druidry, and ancient Masonry, and in the standards of the 'Light Carriers' among the Essene company at the time of Christ. It was known that 'Wise men' were gathering every seven years and comparing notes, and that they then returned once more to their far flung outposts to watch and to wait for more signs. These men were called Magi. Why? Because they were men of wisdom who studied the phenomena of the sky, and waited for 'the sign of the King'.

When the Creator of the Universe, HE who holds everything together by the very power of His own Spirit, and the very energy of His own mind, when HE who is Creator of all things and by whom all things consist, on

the day when he was to be born a babe in earth, into a human body in which all the fullness of God was to reside, THAT WAS A GREAT EVENT. Therefore it was not only a great event but the greatest event which was to shake the earth, and more than that He was to identify Himself with your race, HIS race in earth. HE was our Father, and would prove He was our Father, how? By identifying with OUR RACE. We point out to you that in this instance, that by such a phenomena as the Creator of the earth coming into such a small speck of terrestrial, as this earth, that it would be natural would it not that there would be tremendous events told in the sky?

Now; we know that these things did happen, and one of the stories which today has become popular is the Van Dykes story of the 4th., Wise man. Actually the text from which these ideas first came is from the writings of Avaragus who was one of the leaders of the astronomical schools of Persia. In fact in the writing of this man concerning the coming of the King were some of the most valuable records of the Alexandrian church. For the Alexandrian church was pastorate by Mark who wrote one of the Gospels. This church not only had the records of ancient Persia and of the Wise men, but they also had the Books of Enoch, and many of the records and traditions that helped keep alive the truth of the past. Of course Van Dykes story is an interesting one, and it may be part fictional but its foundation came out of the writings of this ancient Persian.

There is something that you must remember about all this: 'We have seen His Star in the east, and we have come to worship Him!'. No one can gainsay that these men were superstitious, and wrong, because you don't wait for an event like this one, and then arrive and say you are wrong. These men saw that they had waited so long to see, and then they were there on time. Thus there is no better accuracy for the prophecy which they had sought, or no better proof of the thing they believed in than their coming to say: 'We have seen His Star!'.

Now; someone always says: but what was it that they watched for? Well! It was a Star which God had told Enoch long before, that He had set in motion. And Harvard University scientists and others had sought to answer the questions of astronomers, through their astronomical cycles

of what had transpired, and they are well aware that there did occur major conjunctions of Saturn and Jupiter, as their Sidereal calculators show. And that the time of the birth of The Christ there was a major conjunction of Saturn and Jupiter. But this My Friends, is exactly what God had told Enoch would transpire. He said: that three times would come this conjunction in the 9 months preceding His birth, and that the last climactic time would be at the time of His birth. And this all took place exactly that way, for there was a Star and it was coming in, and our ancestors were watching and charting its course.

These ancient observatories were charting this course, and now the calculators used at Heidleburg, and in Europe also prove that the Star was making a curve, and that it took 243,000 years for the Star to complete its ecliptic and move to the head of Virgo which was again a part of the end of the ecliptic, because it fast traversed Virgo, and went to the womb of Virgo, and then went back into its ecliptic. So in this cycle of form then God who had set the measure in motion, knew, and established with Omniscient knowing the planning of all these things, even the Star crossing from Aquila to the head of Virgo, and it had taken one-quarter of a million years making its cycle. And this so that it would measure an event for only this planet, and you worry about whether the Kingdom of God is going to survive? Or whether you had thought this thing out? Let me tell you; Our Father had thought this thing out, because he had started this Star which was to be one of the measures of His birth, and it had already been 238,000 years on its way at the time He told Enoch about it, and then it would be about 5000 years hence when its course would be fulfilled in the heavens. And exactly on time it happened just the way God knew it would happen, so I tell you that He knew what He was doing. I am rather interested because some of the Harvard Scientists were trying to ponder over something which was a sidereal impossibility. Of course the reason for this was that the translators of the King James Bible were many times advised by men who wanted the Scriptures to appear foolish. These men who helped to advise in this matter were many times, Jews who were seeking to destroy and cover up the real message of the Scriptures. In fact the early Masoretic text, and the early Septuagint text have been tampered with, to such an extent that 1400 years of the King line were taken out of the way in order to make it appear that Christ was

born ahead of his time, ahead of the time when the Messiah was to come. Because of this manipulation, from the year 5404 B.C., as supposed Adam's birth time, they shoved this up to 4004 B.C., thus removing 1400 years from the King line, and this was to throw all measures out of line, and this was done exactly, on purpose.

Thus in this instance we point out that as far as the knowledge was concerned, and the measure, the strategy was to obscure some of these facts. But what the Scientists could not understand, or figure out was this translation which said: 'We have seen His Star' and 'That Star went before them'. Reading from the Book of Matthew these Savants of our time said: How could a Star have gone before them? A Star is out there millions of miles away, and if it moved the distance of the transverse of the earth, you couldn't possibly see it with the naked eye, so never could it have been defined as moving the distance from Babylon to Egypt and back to Jerusalem and to Bethlehem. Therefore the Scientists said: This is a phenomena that is not related to the Star, and we do not know what it means.

In the early text, and even in the Alexandrian Version it said: 'Behold! a great light went before them, and this my friends is understandable. And now as we talk about this so great a Light going before the Wise men, then let us understand that other things happened that night also. If there is anything great and important that happened in the history of our race it was when God who is our Heavenly Father, and literally the begetter of our race, as we are children of His Spirit, then it is when YAHWEH (God) became ONE with us, born out of the same body of flesh which He had set in motion when Adam was brought forth as the son of God. Therefore God joined His race, born of a woman, he emerged God incarnate in human form. This then was a most important event, and this event would naturally have had a most significant set of measures surrounding it. The Wise men understood this thoroughly as they said: 'We have seen his star and have come to worship HIM'.

What then was the pattern of their movements? One of them came from the Kashmir Temple on the edge of India. One of them came from Persia, and one of them came from Britain, and one came from Egypt where he

had been waiting for his friends. Every 7 years these Wise men and their savants who numbered many more than these four would gather in Egypt to compare their notes, and the measurements of the sky. Then they would make their trek back to their posts, and again watch the heavens. Then 7 years later would come a new replay to compare notes of what had transpired in the heavens. Thus it was that Aravargus wrote: 'We have been watching this Star and we note that it is very, very close to the head of Virgo, and then we realized that it would transverse Virgo, in our lifetime. This crossing of Virgo would demonstrate how very close that great event was, as we also noted that there were unusual events which were in close sequence, and the conjunction then came, in the very place we were told to look for it, by the Wise men who was taken into the heavens and returned.' He was talking of course of Enoch who never died. The same great vessel which came to take him on his trip into the heavens, returned to take him back.

Remember that Enoch was one of the first of your race who we have Biblical history of who rode in one of the great Celestial chariots, or one of the great space ships of the MOST HIGH GOD, and who moved out through the vastness of His Universe. He went up in the body, and they brought him back in the body, and when he finished his ministry they came back and took him into the Celestial realms of the vastness of God's creation. Then 5000 years later came a Persian astronomer, a man of renown, and he says this was the man who told us all these things. We have been studying the sky, and in all the generations of the Wise ones we have followed the voice of this Wise One who had gone into the heavens in a chariot, and who came back, then later went back into the heavens.

We cite unto you that in this measure he was talking about Enoch, that Wise One who had imparted this knowledge to these astronomers of our race, and here in Persia these men were seeing the time approach when this would all come to pass. Van Dyke when he talks about this fourth Wise man also tells us about this ancient Persian who when conversing with his friends, told them that he was about to go on a long trip, to meet the other Wise men and how they would then go to the spot where 'The

King' was to be born. How they had watched the conjunction, and they note that the stars tell them that THE TIME IS NOW.

This is true for a fourth Wise man did leave the great observatory in Persia. He did move to go first to Babylon where he was to meet the man coming from India, and there they had planned to go on to Egypt. He did know that in the course of these events that the Wise men were going to behold 'The King'.

I want you to know that the gifts brought by the Wise men as described in the Scriptures were: Gold, Frankincense and Myrrh. These give you some sense of whence each man came. The Gold was out of the Druid Libraries of yesterday, and tell us of one of the contributions which had been made by this house of Master Builders. They were simply preparing the purse for the Messiah to use through His ministry. The second gift was Frankincense and that comes only from India. Thus that man of your race who travelled high Himalayas observatory, from the veil of Kashmir on the edge of India had brought the Frankincense which was to be used for Christ's Anointing. The Myrrh came from the land of Egypt and was used in the burial, and the Anointing of the body for death. Thus you have the gifts brought by the three Wise men for the Christ, but what about the 4th., Wise man? This one was bringing a beautiful robe, one of the most beautiful robes which could be prepared in the Mid-east. This was a robe which was developed from the beautiful purple, red, and white of that region. And in the beautiful crimson and purple involved was also the 'Golden Fish', for the opening of the Piscean Kingdom, for the coming KING. For these men had anticipated that 'The King' had started an administration that was never going to end, and thus the robe included this symbol. And with it came the Pearl, the Great Emerald, and the Ruby. The Great Ruby and the Emerald would find their way to the crown which was to be presented to Christ, in the day of His coronation ceremony as His people would try to crown Him King, on that Palm Sunday. As Christ would reject that crown at that time they would use the Chalice, but that is another subject. But the Pearl had a very significant value, even though they did not know at that time as to the use of the Pearl.

Thus you have the story of the travels of these 4 men, and three of them waited at the Pyramid, but there did not come to this Temple of Zendera which our forefathers had built and established this measure of the sky, there did not come this 4th., representative of the outpost in Persia. And not wishing to be late for this great event the three Wise men started with their caravan. A strange phenomena had occurred over Egypt which had even been recorded by the Romans. A strange illumination of Glory, which came down out of the heavens, and the translators said: 'A Star came down'. But it was a 'Great Light' in the old Alexandrian text, and this Great Light went before these men, and it travelled in the direction of the birthplace of The King. These Wise men knew that this light was hovering between heaven and earth, that it moved slightly above and before them, but it stayed just ahead of them. More than this as they came to Jerusalem they went to the Palace of the King, and I want you to note exactly what the King James Version of the Bible says:

'For behold when Jesus was born in Bethlehem of Judea, in the days of Herod the king, behold, there came Wise men out of the east'. Then the Scripture says that Herod was king of the Jews, and even Scofield says at the bottom of his translation of Scripture that Herod was first put on the throne 40 years before the Christ, and was 15 years of age when put on the throne, and was a powerful king of the Jews. So now we have in place Herod, king of the Jews, and with him his Jewish soldiers, and his Jewish minions. Wise men were given protection under Rome, for these Wise men were virtually Princlings of the land of Knowledge, and Wisdom. They represented the schools of knowledge, and they represented great wealth and power. And because the great Master Builders organization which they represented was strong, then Rome said that all Savants-Wise men, Astronomers, Magicians, Astrologers and Doctors were to come and go out of the Roman Empire, and from province to province, and they were not to be touched or hindered, nor a hand laid upon them. You go back to Roman history and you will see that this is true. Thus these Wise men came before the court of Herod and they said: 'We have come to behold HE, who as a babe, is now being born King in Judea.

Never mind this word Jew for no Wise man travelled halfway around the known world to see any Jew baby. They didn't come to see a child of a

Jew, they came to see, THE KING OF KINGS AND LORD OF LORD'S, to see God born in the body of a babe. And later even the Apostle Paul was to say that the fullness of God dwelt here bodily in this babe. Thus spoke Wise men of the Master Builders organization. But when these Wise men looked in the face of this king Herod, when they looked at this terrible visage they were disturbed. As they asked their question Herod and his men were terribly perplexed, for no baby was born in this palace. But the Wise men then explained how this is a matter of record, that HE was to be born in the flesh, and how they had been waiting for this event for years. They said that even Wise men of this kingdom which Herod ruled over also knew that this was to happen. Then Herod said: no one is going to take my kingdom, but I want to know about what these men are talking of. So the Scribes and the Priests searched the Scriptures in the Temple, and they came back to Herod and said: yes HE is to be born in the city of Bethlehem of Judea, in the city of David.

Now: I want to prove something to you. The Jews did not know the Old Testament. They didn't know where or even that He was to be born, for they had to inquire and to search the records. But if they had been men of Israel, and this had been a king of the king line of the House of David, and these true Priests of Israel, they would have known that 'The Messiah' was to be born out of His household, out of His race. But this was not of HIS Race, this was Herod King of the Jews. And whether he realized it or not what he was identified with was; The Dragon standing before the woman ready to devour her child as soon as it was born, Revelation 12:4. This was the endless Satanic seed, the house of Jewry seeking to destroy 'The Messiah' at His birth.

Then Herod called the Wise men in and said to them: this is what I read; he is to be born in Bethlehem. You go to Bethlehem and find him, and then you come tell me where he lays as I want to go down and worship him. OH! As a good member of the B'nai B'rith, and loving everyone I want to go down and pay homage to the King. Can you imagine a Jew, on a throne and in power, wanting to go down and worship THE CHRIST? Did you ever hear of a Jew who worshiped the right God?

The Wise men left Herod, and I know that they were Wise men for they talked of this man Herod, and they did not like the visage of this man, and they didn't like the attitude of Herod, for they could not believe he was going to worship the Babe. The closer they came to the manger at Bethlehem the more they felt assured in this matter, and we are told in the Book of Matthew that they came to Bethlehem, and they found the house, for the light had gone before them, and then stood over the place where the child lay. The Wise men rejoiced as they found 'THE CHILD', with his mother Mary, and they fell down and worshiped HIM. Then they presented their gifts of Gold, Frankincense and Myrrh. And being warned in a dream about Herod, they returned to their own countries by another way.

More than this Joseph also was warned in a dream, and now under the instruction of the Wise men, took the child and Mary the mother and went down into Egypt. There in Egypt at the great Temple of ON, built in the days of Enoch and Job there in the great white race culture which had been preserved by Divine Destiny, Mary and Joseph and the Babe remained until the death of Herod.

But let us turn again to the panorama of this event. What is the mystery of this Star? In the translation as star was the mystery of a heavenly vehicle of THE MOST HIGH GOD, sent from heaven to earth, to guide the Wise men through the Destiny and prophecy, known to the Father from the beginning. 'For the steps of a good man are ordered to the Lord, His going out and his coming in are known unto HIM' thus the Scriptures declare. As it was given unto Enoch it was also known unto the Father, that these Wise men would keep these sayings. That they would gather to serve, and to honour 'The King' at the time of His birth. That they would fulfil their mission.

Thus it is that a great light also went before the children of Israel in their exodus. These great lights are generally surrounded by luminous clouds and they reflect the Glory, but what is in them is not visible. Back here in the Book of Deuteronomy we have a little pattern of this, for here Moses writes in the 33 chapter of how God came from Sinai, and rose up from Seir, and came to them. How He shined forth his great Light down from

mount Paran, and He came with ten thousands of His Saints, believing offspring if you will, and He brought the fiery law out of His right hand. In the days when God met Moses on Mount Sinai, he came with a whole host out of heaven. He came in with mighty super ships of space, and landed on that mountain. The same kind of crafts which go out from before His throne by the thousands, times thousands, times ten thousands, and the Great Light from the ships above that caused this spectacle were there on Mount Sinai.

Again let us remember that the same thing happened to Elijah that had happened to Enoch who came and went on these great vessels of space. Remember that Enoch said that there was a great cloud outside his door, and that two men stepped outside the cloud and said that he was summoned to visit the Most High God. And Enoch said that he closed his house and said good-by to his children, and then walked out and got into that chariot of God.

Remember that it was Elijah and Elisha who followed him, as Elijah was summoned by God, after he had finished his ministry. Elijah was not to taste of death for he went out, and Elisha kept following Elijah, and he saw the great chariots of space, come down, and one picked up Elijah and carried him into the heavens.

I point out to you that in God's personal manifestation of His presence, in His ministry over His people, and out of the records that we possess that God said: I was with you by day and by night in the exodus out of Egypt. I was with you by day and by night for I was the effulgent cloud. There was no strange God with you, for that cloud was an effulgent cloud of Light which was covering the shape and the form of that Great Celestial craft, and God was in that craft, not sitting on a mass of vapour, but in one of the Great Flagships of the Kingdom. He was there during the Exodus, and he ran the Universe from that spot. More than this we know that in this instance these heavenly ships moved about as they did at other times. And in the days of the ministry of Ezekiel we are told that he saw these great circular ships, wheels within wheels, with their portholes and with the living creatures in these ships. How God came in with His great plane and talked to Ezekiel, and gave him his commission. Thus Ezekiel tells

the story of the visit of the MOST HIGH GOD. Of how the great ships then whirled out into space after this visitation of the heavenly hosts.

But back to Judea, at the time of the birth of THE KING. Shepherds were out on the hills of Judea watching their flocks, and suddenly a great Light shown down on them, and an Angel of the LORD, a heavenly messenger speaks to them. In the Book of Luke, the Angel was before them and above them, and they were afraid as this sudden phenomena occurred. But the Angel said: 'I bring you glad tidings which shall be unto all people, for unto You is born this day in the city of David, a Saviour who is Christ the LORD. And this is the sign you shall find: behold a babe wrapped in swaddling clothes and lying in a manger.' Who was this babe?' He was incarnate YAHWEH-YAHSHUA THE LORD. Let me point out to you, suddenly there was a multitude of heavenly hosts right there above them, and they started to sing the first Christmas Carols the world had ever heard. They sang: Glory to YAHWEH in the Highest, and on Earth Peace to men of good will.

You say: where did the Heavenly hosts come from? They just came sailing in. Do you suppose that God moved into human form as a babe, the most defenceless of all creatures, and there was no heavenly hosts around? Do you suppose that God, now born among men as a babe, but with the fullness of God dwelling bodily was not surrounded by a heavenly host from His own kingdom? The Omniscience mind of His own Spirit was more active than the consciousness apparent in that day, for the fullness of God dwelt fully all through his lifetime. This was the reason he could confound the masters in the Temple, or in far off London, or wherever he went to speak. From the time he was a babe, a boy, a young man, to his ministry, the fullness of God was dwelling bodily in this consciousness. This was the fullness of God now by this miracle of identity-joined with his race. He was your kinsmen, and as you read the second chapter of Hebrews, you the race now embodied in the flesh were visited by your Father, the very God who was not ashamed to call you his kinsmen. He took upon himself a body of flesh like you had, like his children now embodied in the flesh, and he took upon himself a part of the same, thus a miracle.

Now; there is little doubt in my mind, and many of the observers of today who see that we are in this point of measure, are sure that the Star that went before the Wise men was a Light. That this light moved ahead of them out of Egypt, a great Light that moved right through Jerusalem, and on down to Bethlehem. And when they went to this spot they found what they were looking for. Yes they watched a star, and then they followed a light, for no star came down to move through the sky so quickly that men could follow it. But the Great Light from the heavens moved before them. God had said: 'I will be a lamp unto thy feet', 'I will go before thee', and 'I will illuminate thy way.'

These Wise men were led of God, by a hovering protecting leadership like your race had as they came out of Egypt. I know that the sky was filled that night with ships. The great and mighty legions led by Michael were standing by. There was not enough power in all the Jews in the world, to have destroyed The Christ that night, although they might have thought they could do it. There wasn't enough power in all the Universe to upset one small part of God's plan. And no one has ever upset God's plan, from that day to this, and he is not heart broken because his plan is upset, he victoriously, purposely, is preparing the plan for the final victory of His Kingdom.

I want you to take this thought with you tonight, that God who started the measure in the heavens a quarter of a million years before it happened, and then probably a couple of million years before that as he put some of processes in formation, ON TIME brought them to the right place, On Time had timed the conjunctions, and On Time had timed the Great Event. Thus it was that these great crafts were carrying out their responsibilities. They were announcing that God was being born in earth. What an amazing thing had taken place, and the Angels had sang their carols of this event. Then later the Angels were to say with amazement that here God was born in earth, but was so poorly received by some of the people of this earth. How could this happen, and they looked at earth, and they bore the testimony to these of the Wise Essene shepherds who were on the hills. These who were a part of the house of Israel who were expectantly waiting for the birth of their King.

Let us turn back then for a moment to the measure of the fourth Wise man, for he had travelled through his cycle, and had passed through Old Babylon, and on to Egypt, but his friends had gone on without him, why? We go back to the records of the Savant of Persia, and he tells us that this man like the other Wise men had a knowledge of healing, of the use of herbs, and of the practice of medicine. That in his journey he had come across a poor Israelite who had fallen sick in his journey of a great fever and was dying by the roadside. But when he called out the Wise man paused and went over to him. The Wise man was impatient to get on his way, to meet his friends, and to go with them to the birthplace of the KING. No greater event had happened in all human history than this one, for God would be born among men. His Glory and His power so close to human man and the Wise man did not want to miss this event for any reason. He paused for a moment, should he aide this man or hurry on? But then he was compelled by that spirit of greatness which fills those who study God's heaven, and walk with him in inspiration and in anticipation of the work of God. This Wise man stopped and turned and gave such assistance as he could give this man. And in the course of this he was delayed several days, but finally he brought the man out of his dangerous fever, and then he said to this sick Israelite: 'I have been delayed, but I hope you will now be alright. I will leave food and herbs with you, but I must rush ahead and catch my friends lest I miss this event which I am hurrying to. This sick man, also of the House of Israel was also a Levi and he said: 'What is this that you seek?' 'The Magi replied: 'The time and the measures are in the sky, I go to find 'The Messiah' who is to be born, King of Israel, in the earth'. How and whence do I find him? The Levite replied: 'This one is to be born in Judea, do not expect to find HIM any where else'. The Magi hurried on to Egypt but now no light would go before him, the Wise men had left and he who represented Persia would have to gather a separate caravan, and go his own route.

No star before him as he approached Jerusalem the capital of Palestine. Herod, the king of the Jews, was a man of great power and Herod the King of the Jews had built the Golden Temple, and this was the Temple of Herod that now stood in Jerusalem. Herod was a Jew by race and a Jew by Faith or he would not have built the Golden Temple. More than this he hated everything which related to the true God. He was a Talmudic

worshiper of the Babylonian house of Evil. A conspirator against all of the things which were good. Strangely enough as the fourth Wise man approached the Palace of Herod, he finds an angry Herod who says: three of your co-patriots have come this way, but they never returned to tell me where the child lay.

This fourth Wise man felt warned to say no more, and he left and headed for Bethlehem. Upon arriving in Bethlehem, there was no light over a manger, or over the town, so he made his way directly to the rectory of the local Temple. This part of the Temple worship of Israel was at this time under the administration of Zacharias the husband of Elizabeth with the child, John the Baptist in her arms. You remember that this child she bore was born before Jesus, and he was to be called John, for the spirit of Elijah was sent to prepare the way of THE LORD. This messenger of the King was born in the house of Zacharias to this wife Elizabeth. The Wise men talked with Elizabeth about the measures of the Star and about his friends, and she said: yes, their caravan had come several days earlier, and they had already left. They were men from far countries, they were men of 'The Light Carriers', and that her cousin Joseph knows about these things. They came from the centres of wisdom of our people, and they brought to HIM, gold, frankincense and myrrh, the rich gifts of our people. The Wise man said: 'yes, I know these things and I bring the great robe, and the Jewels for his crown.' Elizabeth said: 'I do not know exactly where they have gone, but I have heard that they have gone into Egypt.' But they left here fast being warned of Herod for some reason, and Mary and Joseph and the Babe have also gone into Egypt.

While they were talking here, there came a cry of violence in the streets, as Herod King of the Jews and his Jewish army were marching upon Bethlehem fulfilling what is referred to in the Book of Matthew as that terrible night of events which was to take place in Bethlehem. As you turn back to the writings of Jeremiah he also talks about a great day of Pain, but here in this city of Bethlehem there would be a day of lamentation, a day of weeping and mourning for, 'Rachel weeping for her children, and would not be comforted, for they were not.' Matthew 2:18. This was the prophecy, and the weeping was caused by the forces of Anti-Christ, the forces of evil, the dragon of the sky, Jewry on the rampage. The Wise

man looked out from the Rectory and saw the soldiers of Jewry running through the streets of Bethlehem, pulling the babes out of their houses, and taking their great swords and slicing them in half. Orders were to destroy every babe up through two years of age, so as to make sure that they did not miss this babe, .The Christ. I want you to know that there is no more ruthless people on the face of the earth than they who would kill babies to satisfy their political ambitions. As they moved upon Bethlehem they proved something else that most Christians are not thinking of tonight. It proved that the Jews are not Israelites, that they were not relatives of the House of David, or the true House of Judah, or they would not have been killing their own. It proved also that there was no relationship between the king of the Jews, and their false king line, and the House of David, for their design was to stamp out and utterly destroy the king line of the House of David. Let Christians not forget this part of the Christian lesson, for it was placed there for a permanent record for you. For that Dragon in the Book of Revelations stood before the woman to destroy her child as soon as it was born, was none other than the power of organized Jewry, the offspring of Lucifer, taking commands directly from their director father, to try to destroy God's kingdom in the earth. The fourth Wise man now knew why God had made him arrive late. Sometimes we get impatient as we want to get away, and something delays us, or we seem compelled to do something good, and then are delayed in getting to the place where we thought we should participate in something, at a given time. Remember that there is a great Grace of God, and a Sovereign pattern of Destiny which works out a greater good than you understand. So don't become impatient, just accept what transpires as you work toward your goals, for there is a greater power. It was essential that the 4th Wise man be late. It was essential that John the Baptist prepare 'The way of the LORD'. It was essential that he bring his message through out that land of Palestine, until The Christ was ready to start his Great ministry and to fulfil his mission. It was important then that this babe, John the Baptist, live for if this Wise man had not come at this time, there would have been another story. Thus taking the Great Robe the Wise man had brought for the coronation of The King, he put the robe around himself, and then went over to the crib where John the Baptist now lay, and tenderly he picked up this babe and folded him under this great robe.

Now; the soldiers were dashing into the courtyard of the Rectory of the Temple of Bethlehem, and the Wise man advanced and said: 'Why do you come in here with your noise, and with your swords? Know ye not that I have the protection of Rome, that I am a Magi, and I and my caravan do not wish to be disturbed? Why come ye here with your dripping swords to disturb me? They answered: We are under orders of Herod the King, and we are looking for babies. The 4th., Wise man replied: Think that I have a baby travelling in my caravan? But I do have a great Pearl of great price that a Wise captain might like to have, and disturb me not. This Wise man understood well those who stood before him, and the look of greed in the face of the captain as he reached out his hand for the great Pearl. And the Jewish captain then said to his men, go on, there is no child in this house, and away they went little realizing that under his robe this Wise man held the babe, John the Baptist. This same one of whom Jesus was to later say: 'Never was a man born of a woman as great or as mysterious as this one, John the Baptist. As these Jewish soldiers went their way the Wise man turned and handed John the Baptist back to his mother.

Thus we have a realization, of how with all the murders of the Innocents which took place in Bethlehem that still the Jews did not get John the Baptist, and of course Jesus had already been taken out of that area, and down unto Egypt. Thus the fulfilment of that prophecy was: 'Out of Egypt (the world) have I called my son (my embodiment)'.

No doubt of the magnitude of that event, no doubt about the measurement of the sky, and as the 4th., Wise man hurried into Egypt he also would find the fulfilment of the promise, as he would reach the feet of The Christ, and thus would participate in this one thing he had ever dreamed of, for he would behold, he would feast his eyes upon the MESSIAH.

One of the stories that we have been told about this fourth Wise man was that he never found the Christ until he was being crucified, but this was not true. He journeyed down to the Temple of Zendera in the city of ON, in Egypt, and there he found the Christ Child who was to remain in that place until the death of Herod. Thus it is that we have a story of time, a story that has been fulfilled by Divine measure, by astronomically and

physically participation in the earth. A Great and Tremendous event, for God had been born in earth, embodied as a child. And in the majesty of that, the Glory and the Light and the radiance of his effulgence was seen around the place where the child lay. The very Light and the Glory of Heavenly hosts proclaimed his birth, and the phenomena of the Light which went before the Wise men was born out in the testimony of the Shepherds who came. And then later the Romans going back to check the records testified that all of these things written were true. Pilate writing to Caesar after he reported about his meetings with The Christ was to say: 'I also have searched and pursued all the facts since the coming of this ONE, and there is no doubt that this ONE was the Eternal God of the heavens. We call him Jupiter, but they also call him YAHWEH, BUT TRULY THIS WAS HE.

I tell you tonight that we as Christians celebrate the birth of our God, into our race, as he begat us for the purpose of building His Kingdom, it is most important because it imparted back to us the beginning of a restoration. It took away from us fear, and darkness, and a guilt complex. It consummated with one atonement the price for our errors. Guaranteed us Eternal Life, and put back upon us the assurance of Power. That as this era which we are now in brings to its climax the second advent of The Christ. There will be a restoration of such Glory upon you as the earth has never witnessed since you walked the streets of heaven. I tell you that as HIS first coming was important, and the advent surrounding it which we celebrate each Christmas time, HIS second coming is also going to be important, for it will be the greatest historical event the world has ever known. This is a part of the mystery of a great and tremendous event which is only for you. Again we say: 'Unto us a child is born, unto us a son is given.' He was our kinsman, and of our race, and His name shall be called, Wonderful, Counsellor, The Mighty God, The Everlasting Father, the Prince of Peace. Of the increase of his government and Peace, there shall be no end, upon the throne of David, and upon his kingdom to establish it with justice forever.'

I tell you that upon the increase of His Kingdom there shall be no end. When the last Hammer and Sickle has been stricken from all the poles from which it flies, when the last emblem of the powers of darkness have

been destroyed, when the last synagogue has crumbled into dust, and the last Jew is a forgotten memory of Gods deliverance of earth, as HE gathers the tares, and carries them out to their place of adjustment, I tell you when there is no longer one visage of these forces of darkness, and the nations and races of earth are administered by the Kingdom of God, and the Kingdoms of the earth have become the Kingdoms of Our LORD, and His Christ then the radiation, the radiation of the Light and the Glory of the event which accompanied that birth will have come to its fulfillment. And we will sing that Carol which they sang that night: 'Peace on earth to men of goodwill'.

There is no doubt that this measure of the heavens, and the mystery of The Star was accompanied by the visitation of heavenly hosts. For together with HIM were the heavenly hosts who sang the Praises of His Birth. I tell you tonight that from one end of Christendom to the other, Christians sing the heralding of His Birth. And through out this time of year Christians are working, singing, and praising, as well as rejoicing on this great Christian feast day. The enemies all over this land are trying to stamp out the symbols of Christmas in our nation, and I looked in vain in the Newspapers for the story of the anger of Christians over this destruction of their symbols of Christmas, until the windows of a Jewish synagogue were smashed as they realized that this was where the vandals came from. But there was no follow up on that story for they did not want that situation to spread. I tell you that when the enemies of God's Kingdom try to destroy the symbolic emblems of the Glory of this High Holiday of Christendom, then the relenting anger will fulfil that which is spoken of in the Book of Zachariah when he said: 'Wrath will rise up in their countenance and there will not remain a Canaanites in the House of God'. As we are celebrating with happiness the birth of Our King, your enemies are planning on a Christless world by eliminating Christ from your National life, and from all of the world which you are a part of. And thus they have tried to strike out this National Holiday, for it is good that this great Christian nation like other Christian nations recognizes the Birth of The Christ as a NATIONAL POLICY. That we revere the KING OF KINGS, AND LORD OF LORDS. I tell you that it is time that Christians rally around the symbols and the standards of our Faith. That no inassimilable minority, hating out background, and our history, and

our traditions is going to take the richness of the Celebrating of Christmas, or the implanting of the knowledge of the birth of The Christ which is deep in the hearts of this people. We are going to determine Americas Destiny as God by His Spirit leads us to a great new day, and a new era. The Light is not about to go out as last week our mariner probe reached out to Venus. It will not be long before, first your solar system, and then the Universe, as again you take to your wings and move in and out of space. For unto you it is given to sit with THE FATHER, in the seat of administration. I am going to tell you that HE is going to use you to teach the Angels and the people in the far flung corners of the Universe.

No wonder then that we say: 'Unto you a child is born, unto us a son is given'. When you can walk out of here and say tonight: Our Father which art in Heaven' and know that as you say: 'Hallowed be thy name', that you can also say this was my kinsman, and my relative, then no wonder that the Apostle Paul could say: 'His spirit bears witness with our spirit that we are the CHILDREN OF GOD.

THE NEW CHRISTIAN CRUSADE CHURCH

CALLING THE PEOPLE OF BRITAIN

At last the bible makes sense!

At last we know its meaning.

Its the book of the RACE
